

Proceeding 04-233 Comments

I have been notified of the possibility that K-Love will no longer be available to me in my area. I am writing to let you know that, as a resident of the local community, K-Love provides programming that is specific to my needs as a member of the community locally and nationally. It provides news, weather, and music that is spiritually enriching and socially relevant.

If K-Love were to be displaced by an LPFM broadcaster providing other programming, the local community would greatly miss its much needed music and message. The fact that K-Love is a listener supported station AND that it is still on the air shows that listeners are willing to support this station because it meets a need in their lives. If this were not the case, K-Love would not have the funds to carry on their operations.

K-Love's service to the public interest is that it provides a voice from one of many of the various communities found in this nation. Without this unique voice, needs would not be met and a voice would no longer be heard. K-Love, in many occasions, has played a song or shared a message in such a way that it has spoken to me and helped me when I needed it.

Please keep K-Love on the air in my community.

Sincerely,
A faithful listener
